Performance YOU CAN Trust
Over the last 50 years, Numatic has continued to **grow, innovate, learn and develop**, and we will continue to do so, day after day.

We have been building vacuum cleaners since 1969, and although our designs may be built slightly differently now, there is one thing they all have in common – the same core values of innovation, quality, reliability and price.

These values, combined with our commitment to producing professional, powerful and highly-efficient products, help us to increase productivity and cleaning standards for all industries, right across the globe. All of our customers have different needs and we provide a service catering specifically to each sector.
We all demand ever increasing standards of cleanliness, hygiene and safety. Numatic offers the complete cleaning solution, providing performance you can trust, productivity you can rely on, and products that are built to last.
We continually adapt, develop and streamline our products and processes to ensure optimum cleaning PRODUCTIVITY. New to the range…

The **ECO-Matic trolley range** offers great value, no-compromise cleaning systems, sustainably built from high-quality material.

The **Nu-Design configurator** enables users to specify a cleaning system that suits their needs completely, with no detail overlooked.

The **Nu-Assist App** gives users instant access to machine operation, troubleshooting and maintenance content, straight from their mobile phone.

**TradeLine** and **HZC** machines provide advanced filtration and ease of use for those working with fine dusts and hazardous substances.
Versatility, innovation and quality are at the core of our janitorial cleaning systems. Attention to detail and practical engineering ensure complete customer satisfaction in function, operation and convenience.

Finding a janitorial system that fits your needs completely can be a real challenge. Giving total freedom of choice to the user, Nu-Design offers the ultimate solution.

Compatible with desktop and mobile devices.

Individual Environments Demand Individual Cleaning Solutions

Poor selection and configuration lowers cleaning standards and productivity.
Nu-Design guides you through the product configuration process, providing a visual output and configuration breakdown at each selection. The result; a reliable, functional and innovative cleaning system that fits your needs precisely.

**How it works**
1. Select your trolley base and castor options
2. Pick storage options that meet your needs exactly
3. Choose your mopping system, waste options, accessories and personalisation
4. Submit for an itemised breakdown and quote
